

Tudelü®

Walls that move you

HEALTHCARE ENVIRONMENT

Tudelü system's are essential for creating flexible, privacy-conscious, and hygienic spaces. These walls must meet specific needs related to patient care, confidentiality, and safety.

TUDELÜ SYSTEM BENEFITS

1 PRIVACY AND ACOUSTIC PERFORMANCE

Retractable walls in healthcare settings offer excellent sound insulation, ensuring patient confidentiality and reducing noise from surrounding areas. This is crucial in environments such as hospital rooms, treatment areas, or consultation rooms, where privacy is essential.

2 HYGIENE AND EASY MAINTENANCE

Healthcare environments require walls that can be cleaned and disinfected frequently. Retractable walls are often designed with smooth, durable materials that prevent the buildup of dirt, germs, or bacteria and can be easily wiped down.

3 SPACE FLEXIBILITY

Retractable walls allow healthcare spaces to be easily reconfigured for different needs, such as converting a large room into smaller private consultation areas, or creating additional space for emergencies.

OUR SERVICES

AMERICAN

Engineering, design, and manufacture all done in the USA

MOTORIZED

100% remote controlled for zero manual effort

COMPACT

Full system has tiny footprint in ceiling, starting from 10" x 10"

INSTALLABLE

Easy install for new construction and retrofitting

Key Benefits of the **Tudelü Systems**

Customizable Sizes of up to 20ft wide x 10ft tall

36 - 48 True STC sound barrier for effective sound reduction. This is the same noise reduction as traditional dry wall.

Easy Installation, either through Tudelü direct or through our step-by-step instructions.

100% Motorized - anyone can operate this product with a simple press of a button.

Durable Material - including powder coated extruded aluminum.

Patented Technology - including Stable Griprail Technology.

Compact Footprint - featuring inset design options, meaning ZERO eye sores.

Seamless Design - No matter your dimensions, Tudelü walls won't hurt your aesthetic.

Built-in Safety - auto open feature when the system feels the slightest resistance, so you and your furniture are both safe.

Easy Maintenance - simple soap and water will keep your system looking new for years to come.
